

Pittsburgh BrewMasters 2009 Tasting Recaps

Gathering #13 "BrewMasters Favorites" January 21, 2009

Congratulations to all our members on our one year anniversary! What a fun ride it's been. If you attended all twelve meetings, you'd have tasted 73 beers (we threw in a bonus round once). Thanks to Hart and the Sharp Edge for putting on a great show!

To celebrate, we tasted six of the top twelve beers as ranked by YOU! We couldn't do the exact top six as some of them are seasonal and unavailable in January. [Click here](#) to see the list for 2008.

Our comments are a little lacking this month, but thanks to those of you who provided your thoughts. Where was Sheila? Since it was a blind tasting, I included the number in which each beer was tasted in parentheses.

Oh, and thanks for the "candid" shots posted below.

"Homebrew Challenge"
Sharp Edge Creekhouseregulars
June 17, 2009

[WATCH THE VIDEO!](#)

It was an exciting night at the first Pittsburgh BrewMasters/TRASH Homebrew Challenge! I think we all suspected we'd taste some good beer last night, and the homebrews did not let us down. No, the results below were not fixed. Congrats to the homebrewers for a sweep against commercial brews!

Oh, and Mother Nature threw in a few surprises too! I've captured it on video. Click [here](#) to watch! Pittsburgh BrewMasters and TRASH member Keith offered up the following alternative names for last night's event:

- Pittsburgh Storm Blows Away Glasses, but Not Beer Drinker Spirit
- Electrifying Taste Test Graces Creekhouseregulars Deck
- Deluge Tasting Session – Compliments of Low Pressure System
- TRASH Beers Bring Smiley Faces to a Stormy Night
- TRASH Brings Beer, Hart Provides Lightshow!!!!
- TRASH Homebrews Excite PGH BrewMasters Crowd, while Storm Adds Refreshing Outlook on the Importance of Solid Creekhouseregulars Structure
- Homebrew Wins 7 Game Series!!! Commercial Beers Bow Head in Shame
(*does Keith have a sixth sense?*)
- TRASH Hits Creekhouseregulars along with Twister!! Beer Kegs Tossed into Welcoming Hands of PGH BrewMasters

- My car floated down Chartiers Creek, but I don't care, because I'm drinking good TRASH homebrew.
- TRASH and PGH BREWMASTERS -- Helping White Guys Dance Since 1849!
- Full House, Fresh Beer and Fierce Storm, All Make Mark on Creekhous Deck!!!
- Stormy Skies do not Damper Diehard Beer Tasters ... Commercial Beer Dampens Taste Buds Instead
- Geeepers! It's a bird! It's a plane! No, it's Hart being sucked up into an updraft!

Apologies to Peter Kozlowski for the technical difficulties that prevented his Americal Pale Ale from participating in the contest, but Hart got it working at the end and those of us who were lucky enough to get a taste thought it was awesome (personally, I think it's the greatest thing since sliced bread).

Thanks to the Sharp Edge for providing the door prizes for our 50/50 raffle. And, thanks to each and every one of you for your continued support. I am truly blessed to know so many wonderful people!

Thanks to Betsy for taking bunches of pictures! I couldn't have made the video without you!

In the chaos of the evening, we neglected to collect comments from our members. Sorry. But, obviously, the homebrews spoke volumes!

Wow! A record crowd at the Brasserie! Thanks to all our first-timers for checking us out. Hope we didn't scare you off! And, thanks to all the "regulars" for your continued support! Hart did a great job pairing beers to various wine styles, but the beer lovers in us didn't take too kindly to most of them. However, I think the wine lovers might have found a few beers they like. And, how about Dennis providing the halftime entertainment?! Good thing we're all adults! Thanks to Betsy for taking the photos. OH, and if you gave me your e-mail address and didn't receive the update from this tasting, please resend your address ... I probably couldn't read your writing. ;)

September 16, 2009

Holy cow! Another attendance record! A whopping 55 members crowded the deck at the Creekhouse! Thanks to all of you for your continued support! I don't know what we're going to do when we have to go back inside during the winter months! Remember, we can only take 30 upstairs! Maybe the Sharp Edge can add another level dedicated to BrewMasters members?

Thanks to Hart for coming up with a great lineup, although I am so disappointed in the Penn Oktoberfest (ick!). And by the looks of the comments, none of you were too thrilled either. I can't believe it scored above a "1"! Ugh? Why'd they have to go and ruin a good brewery?

I wonder if anyone from the defunct Penn Brewery will see this ... they should know how crappy their beer is now. Such a poor showing for Penn Oktoberfest ... again! I hope Hart's description didn't sway anyone's opinion. I doubt it. One sip was all I needed. I know a bad beer when I taste it.

6. Penn Oktoberfest - 1.91 - *"What happened?" "It wants to be good." "Oktoberfest lite ... water or beer?" "Hocktoberfest!" "Over carbonated and too sweet." "Yuck! Something you would definitely regift Not a real beer."*

Merry Christmas!! I love winter beers. There's a certain healing quality ... or maybe that was the positive energy you all had going on in that room? Thanks for making me feel better! Even though you ranked my current favorite Anderson Valley Winter Solstice in fifth place. :(Thanks to Loren for providing the halftime entertainment, even if he did try to embarrass me. ;) And, as always, thanks to Hart and the Sharp Edge for an excellent beer selection, and a shout out to Betsy for taking all the pictures! See you all in the new year!
